

Sarah Phelps

Biography: **Sarah Phelps** works as an International Policy Advisor for the UK Statistics Authority / Office for National Statistics (ONS). Her journey at the ONS began in September 2020, where she contributed to the 2021 Census. Her role expanded when she joined the Data Science Campus in June 2021 to lead on communications and training for an international project with Eurostat. In the ESSnet Web Intelligence project, Sarah's expertise was instrumental in creating a network of experts, delivering project communications, and developing a series of training webinars. She has extensive experience in delivering successful marketing campaigns, managing events, and communicating effectively within the cruise and travel industry.
