QUARTERLY FOREIGN INVESTMENT SURVEY (Corporation Sector and Some Government-owned Enterprises)

The State of Qatar is taking necessary steps to become a subscriber of IMF's Special Data Dissemination System (SDDS). Under this scheme, countries are required to compile and disseminate quarterly foreign investment statistics.

In this respect and in reference to the Emiri decree No. (13) of 2024 on the organizational structure of the National Planning Council (NPC) and its designated functions, NPC in collaboration with the Qatar Central Bank (QCB) is launching the first quarter-2025 of Foreign Investment survey in the State of Qatar.

The main objective of the survey is to collect data on foreign investment positions and transactions referencing the period Q1, 2025.

The survey data are essential for the compilation of the Qatar's Balance of Payments (BOP) and International Investment Position (IIP) statistics (that is, transactions and positions of Qatar with the rest of the world).

We kindly request you to provide data in thousand Qatari Riyal (000 QR) by completing the attached questionnaire for Q1, 2025.

In addition to completing the questionnaire, please provide us with a copy of your financial statement (balance sheet) for the reference quarter.

This survey will preserve the confidentiality of the data which will be handled by experienced and trustworthy personnel. The Council will keep confidential all information about enterprises, data source and/or data providers. The survey results will be presented in aggregates form and used for statistics purposes only.

Should you wish to supply information electronically, you will be able to do so through link:
